INDEPENDENT AUDITOR'S REPORT

To the Honorable County Judge
and County Commissioners
McMullen County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of McMullen County, Texas as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of McMullen County, Texas, as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McMullen County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McMullen

County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McMullen County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McMullen County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes

in net pension liability and related ratios, and schedule of employer contributions, on pages 5-12 and 48-53 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise McMullen County, Texas' basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of State awards, as required by the State of Texas *Single Audit Circular*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of State awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2023, on our consideration of McMullen County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of McMullen County, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering McMullen County, Texas' internal control over financial reporting and compliance.

Respectfully submitted,

A handwritten signature in black ink that reads "Lovvorn & Kieschnick, LLP". The signature is written in a cursive, flowing style.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This page is left blank intentionally.

MC MULLEN COUNTY, TEXAS
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2021
(UNAUDITED)

This discussion and analysis of McMullen County, Texas’ (County) financial performance provides an overview of the County’s financial activities for the fiscal year ended December 31, 2021. The MD&A should be read in conjunction with the accompanying basic financial statements and the accompanying notes to those financial statements.

FINANCIAL HIGHLIGHTS

Net Position The assets and deferred outflows of resources of McMullen County, Texas exceeded its liabilities and deferred inflows of resources at December 31, 2021 by \$48,427,889 (presented as “net position”). Of this amount \$31,568,514 was reported as “unrestricted net position.” Unrestricted net position represents the amount not restricted by parties outside the County.

Changes in Net Position The County’s total net position increased by \$3,755,800 (an 8% increase) in fiscal year 2021. The County only had governmental activities during the 2021 year.

Long-term Liabilities During 2018, the County issued \$9,000,000 Tax Notes, Series 2018 for various construction and renovation projects and for acquisition of certain equipment. The Tax Notes carry an interest rate of 3.01% and mature February 15, 2025.

Fund Highlights: Governmental Funds – Fund Balances As of the close of fiscal year 2021, the County’s governmental funds reported a combined ending fund balance of \$33,263,161 which was an increase of \$280,407 in comparison with the prior year. At the end of the year, unassigned fund balance for the general fund was \$14,605,554 equal to 90% of total general fund expenditures including transfers to other funds.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County’s basic financial statements. The County’s basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

The Government-wide financial statements. *The government-wide financial statements* are designed to provide readers with a broad overview of the County’s finances in a manner similar to private sector business. They present the financial picture of the County

from an economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the County (including infrastructure), deferred outflows of resources, as well as all liabilities (including long-term debt) and deferred inflows of resources. Additionally, certain eliminations have occurred as prescribed by GASB Statement No. 34 in regards to interfund activity, payables and receivables.

The *statement of net position* presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between them reported as net position. Increases or decreases in net position contrasted with budgetary decisions should serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net position changed during the most recent fiscal year using full accrual basis of accounting. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. Unlike the government-wide financial statements, however, governmental funds financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

The County maintains eighteen individual governmental funds (excluding fiduciary funds): fifteen special revenue funds, one debt service fund, one construction fund, and the General Fund. Information is presented separately in the governmental fund balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund, the Road and Bridge Fund, and the Capital Projects Tax Notes Fund, which are classified as major funds. Data from the other nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget as a management control device during the year for the General Fund, and for the Road and Bridge Fund. The Required Supplementary Information includes a budgetary comparison schedule (original versus final) for the General Fund and the Road and Bridge Fund to demonstrate compliance with budget.

Fiduciary funds. *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. The County's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. These activities are excluded from the County's other financial statements since the County cannot use these assets to finance its operations. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning general fund and major special revenue budgetary schedules and pension plan funding progress.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Of the County's total assets of \$68,776,494 the largest components are: 1) cash and cash equivalents of \$34,653,745 or 50%, 2) capital assets net of accumulated depreciation of \$19,936,177 or 29%, and 3) receivables which largely represent the unavailable taxes for FY2021 of \$14,186,573 or 21%. The receivables are offset by deferred inflows of resources: unearned 2021 tax revenues and advanced tax collections, since the FY2021 tax revenue is not recognized until FY2022 even though the levy takes place in FY2021. Capital assets are non-liquid assets and cannot be utilized to satisfy County obligations. Liabilities consist of current liabilities of \$730,172 and noncurrent liabilities of \$6,220,274.

(Continued)

The County's net position for fiscal years ended December 31, 2021 and 2020 are summarized as follows:

	Governmental Activities		
	2021	2020	Total Percentage Change 2021-2020
Current and other assets	48,840,317	50,483,625	-3%
Capital assets (net of depreciation)	19,936,177	18,959,581	-100%
Total assets	<u>68,776,494</u>	<u>69,443,206</u>	-30%
Deferred outflows of resources	<u>1,115,666</u>	<u>638,266</u>	75%
Current and other liabilities	730,172	998,342	-27%
Long-term liabilities	<u>6,220,274</u>	<u>8,302,299</u>	-25%
Total liabilities	<u>6,950,446</u>	<u>9,300,641</u>	-25%
Deferred inflows of resources	<u>14,513,825</u>	<u>16,108,742</u>	-10%
Net position:			
Net investment in capital assets	16,318,370	15,277,383	7%
Restricted	541,005	463,627	17%
Unrestricted	<u>31,568,514</u>	<u>28,931,079</u>	9%
Total net position	<u><u>48,427,889</u></u>	<u><u>44,672,089</u></u>	8%

Net Position – Net position may serve over time as a useful indicator of a County government's financial position. McMullen County, Texas' combined net position (government activities) totaled \$48,427,889 at the end of fiscal year 2021 compared to \$44,672,089 at the end of the previous year.

Of the County's total net position, (34%) reflects its investment in capital assets such as land, buildings, major improvements, equipment, and infrastructure (road and bridges), less any related debt used to acquire those assets that is still outstanding. McMullen County, Texas uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Governmental activities increased the County's net position by \$3,755,800. The key components of this change are the following:

McMullen County, Texas' Changes in Net Position

	Governmental Activities		Total Percentage Change 2020-2019
	2021	2020	
Revenues:			
Net Program revenues:			
Charges for services	1,250,917	1,347,639	-7%
Operating grants and contributions	3,610,143	490,215	636%
Capital grants and contributions	-	-	0%
General revenues:			
Property taxes	16,553,647	17,496,729	-5%
Investment earnings	544,068	795,054	-32%
Miscellaneous	302,917	224,516	35%
Total revenues	<u>22,261,692</u>	<u>20,354,153</u>	9%
Expenses:			
General Administration	1,826,276	2,257,851	-19%
Judicial	515,327	640,384	-20%
Elections	70,652	119,553	-41%
Financial Administration	424,032	539,122	-21%
Public Facilities	698,779	732,148	-5%
Public Safety	2,836,009	2,745,004	3%
Environmental Protection	1,249,628	1,306,269	-4%
Public Transportation	10,240,751	2,990,155	242%
Health and Welfare	245,804	81,102	203%
Culture and Recreation	87,864	211,573	-58%
Conservation	136,076	163,003	-17%
Interest and fiscal charges on debt	174,694	213,974	-18%
Total expenses	<u>18,505,892</u>	<u>12,000,138</u>	54.2%
Change in net position	3,755,800	8,354,015	-55%
Net position--beginning	<u>44,672,089</u>	<u>36,318,074</u>	23%
Net position--ending	<u><u>48,427,889</u></u>	<u><u>44,672,089</u></u>	8%

Program revenues and expenses are presented net of interfund eliminations.

Key elements of the analysis of government-wide revenues and expenses reflect the following:

- Program revenues of \$4,861,060 equaled 26% of government expenses of \$18,505,892. As expected, general revenues (\$17,400,632) provided most of the required support and coverage for expenses.
- The largest category of expenses is Public Transportation (\$10,240,751), while this category provided about 15% (\$3,239,890) of total revenues of \$22,261,692.
- The next largest category of expenses is Public Safety (\$2,836,009) with \$794,793 in revenues, or about 4% of total revenues.
- General Administration expenses were \$1,826,276, with revenues of \$53,012 or about 0.2% of total revenues.
- Grant revenues and contributions comprised about 16% of revenues.

FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting and budget controls have been the framework of the County's strong fiscal management and accountability.

Governmental funds. The general government functions are reported in the General and Special Revenue Funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's annual financing and budgeting requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$33,263,161, an increase of \$280,407 in comparison with the prior year. Approximately \$14,605,554 or 44% of the fund balance represents *unassigned fund balance*, which is available for spending at the County's discretion.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$14,605,554 while total fund balance reached \$14,748,265, an increase of \$2,383,157 from the previous year. As a measure of the general fund's liquidity, we compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 90% of total fund expenditures and transfers out.

General Fund Budgetary Highlights (Non-GAAP Budgetary Basis)

For FY2021, actual expenditures were \$8,667,700 compared to the budget amount of \$11,360,832.

For FY2021, actual revenues were \$18,534,857 as compared to the budget amount of \$16,136,866.

Capital Assets and Debt Administration

Capital Assets

At December 31, 2021 the County had \$29,225,139 invested in capital assets, including land, park and recreation facilities, buildings, roads, bridges and equipment. This amount represents a net increase (additions, deductions, and depreciation) of \$976,595, or 5% more than last year.

Capital Assets at Year-End

	Governmental Activities		
	2021	2020	Total Percentage Change 2021-2020
Land	1,575,056	1,575,056	0%
Buildings and Improvements	3,780,804	3,766,505	0%
Equipment and Vehicles	7,564,183	7,253,336	4%
Infrastructure	9,569,566	9,569,566	0%
Construction in Progress	6,735,530	5,454,286	23%
Subtotal	29,225,139	27,618,749	6%
Accumulated depreciation	(9,288,962)	(8,659,167)	7%
Capital assets, net	19,936,177	18,959,582	5%

Long-term Liabilities

On October 11, 2018, the County issued \$9,000,000 in Tax Notes, Series 2018 for the purpose of street and drainage improvements, various construction projects, various renovations, and for the acquisition of certain equipment. Outstanding debt on these obligations was \$5,640,000 at December 31, 2021. This was a decrease of \$1,310,000 or a 19% decrease compared to last year.

Long-term Obligations at Year-End

	<u>Governmental Activities</u>		
	<u>2021</u>	<u>2020</u>	<u>Increase (Decrease)</u>
Tax Notes, Series 2018	5,640,000	6,950,000	(1,310,000)
Compensated Absences	45,791	68,733	(22,942)
Net Pension Liability	580,274	1,352,299	(772,025)
Totals	<u>6,266,065</u>	<u>8,371,032</u>	<u>(2,104,967)</u>

ECONOMIC CONDITION AND OUTLOOK

The County is in good financial condition as of December 31, 2021, and has adequate cash and cash equivalents to finance the 2022 County Budget. The position of the County has continued to be sound over the past year. Some of the factors which enabled the County to maintain this constant level were that all departments and agencies operated within the budget appropriations and Ad Valorem taxes were collected at a high percent.

Looking ahead, McMullen County, Texas will have to endure some years of careful operation and planning. Major improvements need to be made on county roads and public utilities due to the phenomenal increase in oil and gas activity within the county. Future budgets will present a challenge to maintain the County's record of financial stability and growth that has been routine for so long, until the taxes on increased valuations are collected.

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, and investors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the County Treasurer's Office at P.O. Box 37, Tilden, Texas 78072.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

McMullen County, Texas (the County) was organized in 1873. The County operates using a commission form of government under the statutes and the Constitution of the State of Texas. The County (government) provides the following services throughout the County: public safety (fire, ambulance, and law enforcement), public transportation (highways and roads), health and welfare, culture and recreation, conservation (agriculture), public facilities, judicial and legal, election functions, and general and financial administrative services.

The financial statements of McMullen County, Texas have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The financial statements include all the funds and account groups of the County. There are no component units applicable to the County. Therefore, the primary government (McMullen County) is the same as the reporting entity. The County is not a component unit of any other entity.

B. Basis of Presentation

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of the County. The effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The County had no business-type activities in 2021.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The County segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column. The County had no proprietary activities in 2021.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The County has presented the following major governmental funds:

General Fund –

The General Fund is the general operating fund of the County and is always classified as a major fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Major revenue sources include property taxes, charges for services, intergovernmental revenues and investment of idle funds. Primary expenditures are for general administration, public safety, judicial, public welfare, health services and capital acquisition.

Road and Bridge Fund –

The Road and Bridge Fund is a special revenue fund that accounts for current funds used for the purpose of constructing and maintaining roads and bridges.

Capital Projects Tax Notes Fund –

Capital Projects Tax Notes Fund is used to account for various construction and renovation projects and also acquisition of certain equipment paid for by tax note proceeds.

Additionally, the County reports the following fund types:

Fiduciary Fund Types

Custodial Funds –

These funds are reported in the fiduciary fund financial statements. However, because their assets are held in a trustee or custodial capacity and are therefore not available to support County programs, these funds are not included in the government-wide statements.

C. Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

The **government-wide financial statements** are reported using the economic resources measurement focus and the accrual basis of accounting. This measurement focus is also used for the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Major revenue types, which have been accrued, are revenue from the investments, intergovernmental revenue and charges for services. Grants are recognized as revenue when all applicable eligibility requirements imposed by the provider are met.

Governmental fund level financial statements are reported using current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Measurable and available revenues include revenues expected to be received within 60 days after the fiscal year ends. Receivables which are measurable but not collectible within 60 days after the end of the fiscal period are reported as deferred inflows of resources. Property taxes which were levied in September, 2021, and became due October 1, 2021 have been assessed to finance the budget of the fiscal year beginning January 1, 2022 and, accordingly, have been reflected as taxes receivable, and deferred inflows of resources: deferred revenues-property taxes, and advanced tax collections in the fund financial statements at December 31, 2021.

Expenditures generally are recorded when a fund liability is incurred; however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the liability has matured and payment is due.

D. Encumbrances

Encumbrances for goods or purchased services are documented by purchase orders or contracts. Encumbrances outstanding at year end are either canceled or appropriations are provided for in the subsequent year's budget.

E. Investments

The County can legally invest in certificates of deposit, obligations of the U.S. Government and its Agencies or instrumentalities, State obligations, local government investment pools and certain money market funds.

The County has implemented GASB Statement 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools." As a governmental entity other than an external investment pool, in accordance with GASB 31 the County's investments are stated at market value, except for money market investments with remaining maturity of one year or less when purchased and nonparticipating interest earning investment contracts.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

F. Prepaid Items

Prepaid balances are for payments made by the County in the current year to provide services occurring in the subsequent fiscal year, and the reserve for prepaid items has been recorded to signify that a portion of fund balance is not available for other subsequent expenditures.

G. Inventories

The County records purchases of supplies as expenditures, utilizing the purchase method of accounting for inventory. Inventory at year end is immaterial.

H. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the governmental column in the government-wide financial statements. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on capital assets.

Assets capitalized have an original cost of \$5,000 or more and over three years of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	50	Years
Building Improvements	25	Years
System Infrastructure	50	Years
Vehicles	5	Years
Office Equipment	5	Years
Computer Equipment	5	Years

J. Compensated Absences

It is the County's policy to permit regular full-time employees to accumulate earned but unused vacation and sick pay benefits. A liability for unused vacation leave for regular full-time employees is calculated and reported in the government-wide financial statements. Full-time employees earn vacation monthly at 9 hours per monthly pay period. Full-time Sheriff Deputies receive 9.5 hours per month. Full-time employees who have worked for 10 or more years in a position are eligible to receive vacation at 12 hours per month, beginning on their anniversary date. Full-time Sheriff Deputies who have worked for 10 or more years in a position will receive 13 hours per month, beginning on their anniversary date. Vacation time not taken by the end of the calendar year is carried over to the next year, with a maximum carry-over of 80 hours. All regular full-time employees can accrue up to 480 hours of sick leave. There is no liability for unpaid accumulated sick leave, since the County does not have a policy to pay any amounts when employees separate from service with the County. Therefore, no liability for sick leave is reported in government-wide financial statements.

K. Net Position and Fund Equity

In the government-wide financial statements, net position is reported in three categories: net position invested in capital assets, net of related debt; restricted net position; and unrestricted net position. Net position invested in capital assets, net of related debt represents capital assets less accumulated depreciation less outstanding principal of related debt. Net position invested in capital assets, net of related debt does not include the unspent proceeds of capital debt. Restricted net position represents net position restricted by parties outside of the County (such as creditors, grantors, contributors, laws, and regulations of other governments). All other net position is considered unrestricted.

In the fund financial statements, fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance – represents amounts that can only be used for a specific purpose because of a formal action by the Commissioners Court, the County's highest level of decision-making authority: Committed amounts cannot be used for any other purpose unless the Commissioners Court removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

by the Commissioners Court. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance – represents amounts which the County intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Commissioners Court or by an official or body to which the Commissioners Court delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the County itself.

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

L. Use of Estimates

The preparation of basic financial statements in conformance with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

M. Compliance and Accountability

1. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

<u>Violation</u>	<u>Action Taken</u>
None Noted	Not Applicable

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

2. Deficit Fund Balance or Fund Net Position of Individual Funds

Following are funds having deficit fund balances or fund net position at year end, if any, along with remarks which address such deficits:

Fund Name	Deficit Amount	Remarks
None Reported	Not Applicable	Not Applicable

N. Accounting Pronouncements

GASB Statement No. 87, *Leases* (“GASB 87”), requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right-to-use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments’ leasing activities. GASB 87 will be implemented by the County in fiscal year 2022 and the impact has not yet been determined.

GASB Statement No. 91, *Conduit Debt Obligations*, will provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. The County will assess and implement this Statement where necessary in fiscal year 2022.

GASB Statement No. 92, *Omnibus 2020* – (“GASB 92”), objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. GASB 92 will be implemented by the County in fiscal year 2022 and the impact has not yet been determined.

GASB Statement No. 93, *Replacement of Interbank Offered Rates* – (“GASB 93”), some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR) - most noticeably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. GASB 93 will be implemented by the County in fiscal year 2022 and the impact has not yet been determined.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). Under this Statement, a government generally should recognize a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, - which is when the subscription asset is placed into service. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements that limit the applicability of fiduciary activity rules to defined contributions plans, are effective immediately. The requirements related to accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021.

2. CASH AND INVESTMENTS

Legal and Contractual Provisions Governing Deposits and Investments

The Public Funds Investment Act (Texas Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

portfolio, (8) investment staff quality and capabilities (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the County to invest in (1) obligations of the U.S. Treasury, certain U.S. Agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Act also requires the County to have independent auditors perform test procedures related to investment practices as provided by the Act. The County is in substantial compliance with the requirements of the Act and with local policies.

A. Authorized Investments

The County is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

B. Deposits and Investments

Cash and Deposits are as follows:

Cash and Deposits	
	2021
Bank Deposits	
Demand Deposits	42,070,243
Non-negotiable Certificate of Deposit	148,186
Cash and Cash Equivalents	
Petty Cash on Hand	3,425
Total Cash and Deposits	42,221,854

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

During the year ended December 31, 2021, deposits were entirely covered by FDIC insurance or by pledged collateral held by the County's agent bank in the County's name.

Reconciliation of Deposits and Investments

Type of Security	Market Value December 31, 2021
Investments	
Negotiable Certificates of Deposit	709,662
Money Market	<u>1,760,320</u>
Total Investments	2,469,982
Total Cash and Deposits	<u>42,221,854</u>
Total Deposits and Investments	<u><u>44,691,836</u></u>

As of December 31, 2021, the County had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)		
		Less than 1	1 to 3	4 to 5
Certificates of Deposit	709,662	709,662	-	-
Money Market	<u>1,760,320</u>	<u>1,760,320</u>	<u>-</u>	<u>-</u>
Total Fair Value	<u><u>2,469,982</u></u>	<u><u>2,469,982</u></u>	<u><u>-</u></u>	<u><u>-</u></u>

Interest Rate Risk – In accordance with state law and County policy, the County does not purchase any investments with maturities greater than 10 years.

Credit Risk – In accordance with state law and the County's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A.

Concentration of Credit Risk – The County does not place a limit on the amount the County may invest in any one issuer. The County does not have a concentration of credit risk.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County does not have a custodial credit risk.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

C. Fair Value Measurements

McMullen County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

McMullen County has the following recurring fair value measurements as of August 31:

<u>Investment Type</u>	<u>12/31/2021</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Certificates of Deposit	709,662	-	709,662	-
Total Fair Value	709,662	-	709,662	-

3. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2021, was as follows:

	<u>Balance January 1</u>	<u>Additions/ Completions</u>	<u>Retirements/ Adjustments</u>	<u>Balance December 31</u>
Governmental Activities:				
Capital assets, not being depreciated:

Total accumulated depreciation	<u>(8,659,166)</u>	<u>(862,856)</u>	<u>233,060</u>	<u>(9,288,962)</u>
Total capital assets, being depreciated, net	<u>11,930,239</u>	<u>(304,648)</u>	<u>-</u>	<u>11,625,591</u>
Governmental activities capital assets, net	<u>18,959,581</u>	<u>976,596</u>	<u>-</u>	<u>19,936,177</u>

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

Depreciation expense was charged to functions/programs of the County for the 2021 year as follows:

Governmental Activities:

General Administration	65,992
Elections	10,850
Public Facilities	190,545
Public Safety	299,256
Environmental Protection	114,029
Public Transportation	155,575
Health and Welfare	25,686
Culture and Recreation	924
Conservation - Agriculture	-

Total Depreciation Expense 862,856

4. LONG-TERM LIABILITIES

Long-term liability activity for the year ended December 31, 2021 was as follows:

Description	Interest Rate Payable	Amounts Original Issue	Amounts Outstanding 1/1/21	Additions	Reductions	Amounts Outstanding 12/31/21	Amounts Due Within One Year
Governmental Activities:							
Tax Notes, Series 2018	3.010%	9,000,000	6,950,000	-	1,310,000	5,640,000	1,345,000
Other Liabilities:							
Compensated Absences			68,733	45,791	68,733	45,791	45,791
Net Pension Liability			1,352,299	1,983,935	2,755,960	580,274	-
Total Governmental Activities:							
Long-term Liabilities			<u>8,371,032</u>	<u>2,029,726</u>	<u>4,134,693</u>	<u>6,266,065</u>	<u>1,390,791</u>

Tax Note debt will be paid as follows:

Semi-annually, the General Fund will transfer funds to the Debt Service Fund, which will then make the debt payments that are due. Compensated absences are paid by the General Fund and the Road and Bridge Fund. The net pension liability will be paid by the General Fund.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

The annual requirements for notes for years subsequent to December 31, 2021, are as follows:

Year Ending December 31	Governmental Activities Tax Notes, Series 2018		
	Principal	Interest	Total
2022	1,345,000	149,522	1,494,522
2023	1,390,000	108,360	1,498,360
2024	1,430,000	65,918	1,495,918
2025	1,475,000	22,199	1,497,199
TOTALS	5,640,000	345,999	5,985,999

Defeased Debt Outstanding –

The County had no defeased debt outstanding at December 31, 2021.

5. PROPERTY TAXES

Levy and Collection –

Taxes levied by the County are levied and collected through the offices of the McMullen County Tax Assessor-Collector. Ad valorem taxes are due and payable from October 1 of the year in which levied until January 31 of the following year without interest or penalty. On February 1, unpaid taxes become subject to penalty and interest charges.

The County’s taxes on real property are a lien against such property until paid. The County may foreclose on real property upon which it has a lien for unpaid taxes. Delinquent taxes on property not otherwise collected are generally paid when there is a sale or transfer of the title to the property.

Any liens and subsequent suits against the taxpayer for payment of delinquent personal property taxes are barred unless instituted within four years after the time such taxes become delinquent. Unlike real property, the sale or transfer of most personal property does not require any evidence that taxes thereon are paid. A lien on such property becomes enforceable as of January 1.

Taxes Receivable and Advance Tax Collections –

In the Governmental Funds, Current and Delinquent Taxes Receivable have been reported as Taxes Receivable in the assets section of the various balance sheets where applicable and offset in the deferred inflows of resources section. The Taxes Receivable is shown net of allowances for uncollectible accounts.

The “Unavailable Revenues-Property Taxes” consists of taxes levied in prior years, but not collected or available for operations at December 31, 2021. The “Deferred Revenues-Property Taxes” consists of taxes levied in 2021 and budgeted for 2022 operations, but not collected at December 31, 2021. The “Advance Tax Collections” consist of taxes levied and collected in 2021 but are budgeted for 2022 operations.

MC MULLEN COUNTY, TEXAS
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 YEAR ENDED DECEMBER 31, 2021

The County begins to collect taxes in October, levied for the subsequent year's budget. These advance tax collections are recognized in the deferred inflows of resources section of the various balance sheets where applicable in both the governmental funds and the government-wide statements.

Appraisal District –

The appraisal of property within the County is the responsibility of the county-wide appraisal district. The McMullen Central Appraisal District (the District) is required under the Property Tax Code to assess all property within the District on the basis of one hundred (100) percent of its market value and is prohibited from applying any assessment ratios. The District, which began its appraisal and equalization functions in 1982, is governed by a Board of Directors elected by the governing bodies of certain taxing entities in the District. The Board of Directors appoints a Chief Appraiser to act as chief administrator of the Appraisal District and an Appraisal Review Board to equalize appraised values.

The County may challenge appraised values established by the District through various appeals and, if necessary, legal action. Under this legislation, the County continues to set tax rates on County property. However, if the "effective tax rate" (excluding tax rates for bonds and other contractual obligations adjusted for new improvements) exceeds the rate for the previous year by more than eight (8) percent, qualified voters of the County may petition for an election to determine whether to limit the tax rate to no more than eight (8) percent above the tax rate for the previous year. This legislation also provides that, if mandated by the qualified voters in the District, the collection function must be placed with the District.

Tax Rate –

The effective tax rate for the 2020 levy year was \$0.52 per \$100 assessed valuation. This tax roll was used for fiscal year 2021 operations. The 2021 tax roll is to be used for 2022 operations and its tax rate is \$0.52 per \$100 valuation.

6. RECEIVABLES

Receivables for the County's individual major funds and nonmajor funds are as follows:

	Property Taxes	Grants	County Officials	Total
Governmental activities:				
General Fund	11,134,347	102,158	2,297,341	13,533,846
Road and Bridge Fund	-	-	5,156	5,156
Nonmajor Funds	-	-	3,977	3,977
Totals	<u>11,134,347</u>	<u>102,158</u>	<u>2,306,474</u>	<u>13,542,979</u>

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

7. DEFERRED INFLOW OF RESOURCES

Deferred inflow of resources at year end consisted of the following:

Description	General Fund
Unavailable Revenue - Property Taxes	187,042
Deferred Revenues--Property Taxes	10,947,305
Advanced Tax Collections	<u>3,178,497</u>
Total Deferred Inflow of Resources	<u><u>14,312,844</u></u>

8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

A. Interfund receivables and payables:

There were no interfund receivables and payables at December 31, 2021.

B. Transfers To and From Other Funds:

Transfers to and from other funds at August 31, 2021, consisted of the following:

Transfers From	Transfers To	Amount	Reason
General Fund	Road and Bridge Fund	5,984,000	Supplement Fund Operations
General Fund	Nonmajor Governmental Funds	<u>1,500,000</u>	Supplement Debt Payments
	Total	<u><u>7,484,000</u></u>	

9. PENSION PLAN

Plan Description

The County provides retirement, disability, and death benefits for all of its eligible employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system which consists of 800 nontraditional defined benefit pension plans. TCDRS, in the aggregate, issues an Annual Comprehensive Financial Report (ACFR) on a calendar year basis. The ACFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted and may be amended by the governing body of the County within the options available in the Texas State statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with eight or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 80 or more. Members are vested after eight years of service but must leave their accumulated deposits in the plan to receive any employer-financed benefit. Members who withdraw their personal deposits in a lump sum and who are not eligible to retire are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employees' deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act, so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Membership Information

Members	Dec. 31, 2019	Dec. 31, 2020
Number of inactive employees entitled but not yet receiving benefits:	29	31
Number of active employees:	60	59
Average monthly salary*:	\$3,568	\$3,585
Average age*:	50.55	52.38
Average length of service in years*:	11.10	11.78
<u>Inactive Employees (or their Beneficiaries) Receiving Benefits</u>		
Number of benefit recipients:	41	43
Average monthly benefit:	\$1,045	\$1,005

**Averages reported for all active and inactive employees.*

Funding Policy

The County has elected the Annually Determined Contribution Rate plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The County contributed at the rate of 15.00% of covered payroll for the months of the calendar year in 2021.

The deposit rate payable by all employee members for the calendar year 2021 is 7% as adopted by the governing body of the County. The employee deposit rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

The TCDRS board hires independent outside consulting actuaries to conduct an annual valuation to measure the funding status and to determine the required employer contribution rate for each employer plan. In order to calculate the employer contribution rate, the actuary does the following:

1. Studies each employer's adopted plan of benefits and the profile of its plan participants, and uses assumptions established by the board to estimate future benefit payments.
2. Discounts the estimate of future benefit payments to the present based on the long-term rate of investment return to determine the present value of future benefits.
3. Compares the present value of future benefits with the plan's assets to determine the difference that needs to be funded based on the funding policy.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Real Rate of Return Salary Increases	5.00%
L-T Investment Return	7.50%

The actuarial assumptions that determined the total pension liability as of December 31, 2020 were based on the results of an actuarial experience study for the period January 1, 2013—December 31, 2016, except where required to be different by GASB 68.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

Actuarial Methods and Assumptions

Valuation Timing	Actuarially determined contribution rates are calculated on a calendar year basis as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
Actuarial Cost Method	Entry Age Normal ⁽¹⁾
Amortization Method	
Recognition of economic/ demographic gains or losses	Straight-Line amortization over Expected Working Life
Recognition of assumptions changes or inputs	Straight-Line amortization over Expected Working Life
Asset Valuation Method	
Smoothing period	5 years
Recognition method	Non-asymptotic
Corridor	None
Inflation	2.50%
Salary Increases	Varies by age and service. 4.6% average over career including inflation.
Investment Rate of Return	7.60% (Gross of administrative expenses)
Cost-of-Living Adjustments	Cost-of-Living Adjustments for McMullen County are considered to be substantively automatic under GASB 68. Therefore, an annual 100% CPI cost-of-living adjustment is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.
Retirement Age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	
Depositing members	90% of the RP-2014 Active Employee Mortality Table for males and 90% of the RP-2014 Active Employee Mortality Table for females, projected with 110% of the MP-2014 Ultimate scale after 2014.
Service retirees, beneficiaries and non- depositing members	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Disabled retirees	130% of the RP-2014 Disabled Annuitant Mortality Table for males and 115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

⁽¹⁾ Individual entry age normal cost method, as required by GASB 68, used for GASB calculations.

Note that a slightly different version of the entry age normal cost method is used for the funding actuarial valuation.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

Long-Term Expected Rate of Return

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2021 information for a 10-year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting.

Asset Class	Benchmark	Target Allocation⁽¹⁾	Geometric Real Rate of Return⁽²⁾
US Equities	Dow Jones U.S. Total Stock Market Index	11.50%	4.25%
Global Equities	MSCI World (net) Index	2.50%	4.55%
Int'l Equities - Developed Markets	MSCI World Ex USA (net) Index	5.00%	4.25%
Int'l Equities - Emerging Markets	MSCI Emerging Markets (net) Index	6.00%	4.75%
Investment-Grade Bonds	Bloomberg Barclays U.S. Aggregate Bond Index	3.00%	-0.85%
Strategic Credit	FTSE High-Yield Cash-Pay Capped Index	9.00%	2.11%
Direct Lending	S&P/LSTA Leveraged Loan Index	16.00%	6.70%
Distressed Debt	Cambridge Associates Distressed Securities Index ⁽³⁾	4.00%	5.70%
REIT Equities	67% FTSE NAREIT All Equity REITs Index + 33% S&P Global REIT (net) Index	2.00%	3.45%
Master Limited Partnerships	Alerian MLP Index	2.00%	5.10%
Private Real Estate Partnerships	Cambridge Associates Real Estate Index ⁽⁴⁾	6.00%	4.90%
Private Equity	Cambridge Associates Global Private Equity & Venture Capital Index ⁽⁵⁾	25.00%	7.25%
Hedge Funds	Hedge Fund Research, Inc. (HFRI) Fund of Funds Composite Index	6.00%	1.85%
Cash Equivalents	90-Day U.S. Treasury	2.00%	-0.70%

⁽¹⁾Target asset allocation adopted at the March 2021 TCDRS Board meeting.

⁽²⁾Geometric real rates of return equal the expected return for the asset class minus the assumed inflation rate of 2.0%, per Cliffwater's 2021 capital market assumptions.

⁽³⁾Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.

⁽⁴⁾Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

⁽⁵⁾Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.

Discount Rate/Depletion of Plan Assets

The discount rate is the single rate of return that, when applied to all projected benefit payments results in an actuarial present value of projected benefit payments equal to the total of the following:

1. The actuarial present value of benefit payments projected to be made in future periods in which (a) the amount of the pension plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period and (b) pension plan assets up to that point are expected to be invested using a strategy to achieve the long-term rate of return, calculated using the long-term expected rate of return on pension plan investments.
2. The actuarial present value of projected benefit payments not included in (1), calculated using the municipal bond rate.

Therefore, if plan investments in a given future year are greater than projected benefit payments in that year and are invested such that they are expected to earn the long-term rate of return, the discount rate applied to projected benefit payments in that year should be the long-term expected rate of return on plan investments. If future years exist where this is not the case, then an index rate reflecting the yield on a 20-year, tax-exempt municipal bond should be used to discount the projected benefit payments for those years.

The determination of a future date when plan investments are not sufficient to pay projected benefit payments is often referred to as a depletion date projection. A depletion date projection compares projections of the pension plan's fiduciary net position to projected benefit payments and aims to determine a future date, if one exists, when the fiduciary net position is projected to be less than projected benefit payments. If an evaluation of the sufficiency of the projected fiduciary net position compared to projected benefit payments can be made with sufficient reliability without performing a depletion date projection, alternative methods to determine sufficiency may be applied.

In order to determine the discount rate to be used by the employer, TCDRS used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the County's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

3. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB 68 purposes. Therefore, a discount rate of 7.60% was used. This rate reflects the long-term assumed rate of return on assets for funding purposes of 7.50%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

Deferred Inflows / Outflows of Resources

As of December 31, 2020 the deferred inflows and outflows of resources are as follows:

	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>
Differences between expected and actual experience	99,995	34,496
Changes of assumptions	7,372	494,436
Net difference between projected and actual earnings	280,656	-
Contributions made subsequent to measurement date ⁽³⁾	N/A	586,734
Total	<u><u>388,023</u></u>	<u><u>1,115,666</u></u>

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

Year ended December 31:	
2021	49,150
2022	131,584
2023	(7,691)
2024	(32,134)
2025	-
Thereafter ⁽⁴⁾	-

⁽³⁾Any eligible employer contributions made subsequent to the measurement date through the employer's fiscal year end should be reflected as outlined in Appendix D of this report.

⁽⁴⁾Total remaining balance to be recognized in future years, if any. Note that additional future deferred inflows and outflows of resources may impact these numbers.

10. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has utilized the purchase of commercial insurance to cover any potential losses. Except for minimal deductibles, the County has transferred risk of loss to commercial issuers. There have been no significant reductions in insurance coverage from coverage in the prior year. Settlement amounts have not exceeded insurance coverage for the year ended December 31, 2021 or the three prior years.

11. COMMITMENTS AND CONTINGENT LIABILITIES

In the opinion of County Attorney and management, there is no pending or threatened litigation against the County that would have a material effect on the County's financial position or operations.

The County participates in certain federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their

MC MULLEN COUNTY, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

representatives. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

12. COMMITMENTS UNDER NONCAPITALIZED LEASES

Operating Leases:

The County leases equipment. Most of the leases are cancelable.

Minimum lease commitments for the next five years are immaterial.

13. FUND BALANCES

The following is a summary of Governmental fund balances of the County at December 31, 2021:

REQUIRED SUPPLEMENTARY INFORMATION

Major General and Special Revenue Funds Budgetary Comparisons

The following are the Major governmental funds of the County:

The General Fund is utilized to account for all County revenues and expenditures except those which are required by law to be classified in other funds and such other funds that are presented separately to facilitate proper accountability.

The Road and Bridge Special Revenue Fund is used to account for costs associated with the construction and maintenance of roads and bridges in the County. Revenues are derived primarily from ad valorem taxes, vehicle registration charges, State Lateral Road Distribution funds, and interest.

**MC MULLEN COUNTY, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2021**

BUDGETARY DATA

The original budget is adopted by the Commissioner's Court and filed with the County Clerk. Amendments are made during the year on approval by the Commissioner's Court. The final amended budget is used in this report. Unused appropriations lapse at the end of each year. The level of control for the detailed budgets is at the fund level.

The County Judge is, by statute, the Budget Officer of the County and usually requests and relies on the assistance of the County Treasurer to prepare the annual budget. After being furnished budget guidelines by the Commissioner's Court, the County Treasurer prepares an estimate of revenues and a compilation of requested departmental expenditures and submits this data to the Commissioner's Court.

The Commissioner's Court invites various department heads to appear for a hearing concerning the departments' budget requests. Before determining the final budget, the Commissioner's Court may increase or decrease the amounts requested by the various departments. Amounts finally budgeted may not exceed the County Treasurer's estimate of revenues and available cash. The final budget can be legally amended by the Commissioner's Court to whatever extent the Court desires as long as the amended figures do not exceed the County Treasurer's estimate of revenues and available cash.

When the Budget has been adopted by the Commissioner's Court, the County Treasurer is responsible for monitoring the expenditures of the various departments of the County to prevent expenditures from exceeding budgeted appropriations and for keeping the members of the Commissioner's Court advised of the condition of the various funds and accounts.

Budgets for all budgeted General and Special Revenue Funds are adopted in conformity with generally accepted accounting principles (GAAP). Budgets for the 2021 fiscal year were adopted for the General Fund and the Road and Bridge Fund.

and County Commissioners
McMullen County, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of McMullen County, Texas (the County) as of and for the year ended December 31, 2021 and the related notes to the financial statements, which collectively comprise McMullen County, Texas' basic financial statements, and have issued our report thereon dated August 11, 2023.

Internal Control over Financial Reporting

In planning and performing our audit, we considered McMullen County, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of McMullen County, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of McMullen County, Texas' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant

deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether McMullen County, Texas’ financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

**Independent Auditor's Report on Compliance for Each Major Program
and on Internal Control Over Compliance Required
by the State of Texas *Single Audit Circular***

To the Honorable County Judge
and County Commissioners
McMullen County, Texas

Report on Compliance for Each Major State Program

We have audited McMullen County's compliance with the types of compliance requirements described in the State of Texas *Single Audit Circular* that could have a direct and material effect on each of McMullen County's major state programs for the year ended December 31, 2021. McMullen County's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of McMullen County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the State of Texas *Single Audit Circular*. Those standards and the State of Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about McMullen County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of McMullen County's compliance.

Opinion on Each Major State Program

In our opinion, McMullen County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended December 31, 2021.

Report on Internal Control Over Compliance

Management of McMullen County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered McMullen County's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the State of Texas *Single Audit Circular*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of McMullen County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of Texas *Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

MCMULLEN COUNTY, TEXAS
NOTES TO SCHEDULE OF EXPENDITURES OF STATE AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2021

Basis of Presentation

The accompanying schedule of expenditures of state awards ("the Schedule") includes the state grant activity of McMullen County, Texas. The information in the schedule is presented in accordance with the requirements of the State of Texas *Single Audit Circular*. Therefore, some amounts may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. These expenditures are recognized following the cost principles contained in the State of Texas *Single Audit Circular*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.
