Important Notice Customer must read and Sign Below:

Access to Customer's premises: McMullen County Public Works employees shall have access to the customer's premises and at any time for the purpose of providing utility services, reading meters, inspecting, making repairs, and installing or removing any or all utility equipment and apparatus used in connection with the rendering of utility services to the customer. Mc Mullen County acknowledge the right to repair and bill the customer for damaged equipment.

CUSTOMERS RESPONSIBILITIES: Only the above-named customers are authorized to make changes or inquiries into the assigned account. The customer assumes and shall have sole responsibility for the water service line from the water meter line as provided within the McMullen County. The customer hereby states that all information provided as set forth in this application for services is true and complete. The customer understands that if any person with a past due utility account is residing at the premises herein described at any point-in-time, all utility services may, at sole discretion of the McMullen County be immediately discontinued at any time if the bill is not paid. The customer agrees to pay in full for services rendered by execution of this of this application and further agrees to be bound by all utility rates, rules, meter installations and services.

I have read all the above information notice and fully understand and agree with all the requirements set forth herein.
